DAILY NEVADA STATE JOURNAL

C. C. Powning, Editor & Proprietor

FRIDAY JUNE 30, 1882.

San Francisco has contributed \$170,800 to the Nellie Lyon fund so far.

The temperance people carried Iowa by from 45,000 to 60,000 majority.

How would you like to have a paid-up policy on Guiteau's life, say for \$50,000?

California will have a "Prohibitory Reform ticket (temperance) in the field this year.

Senator Fair is contracting for another block of buildings in San Francisco, to be called the "Mexican block."

Cassidy's bill to annex Mono, Alpine and Inyo counties to Nevada has been referred to the proper committee. It will not be heard of for a year or so at least.

A Washington dispatch states that Guiteau's mail bag is getting larger. Correspondents should bear in mind after to-day his address will be changed.

The children of James Eustace, who ravished his own 12-year-old daughter in Eureka lately, are to be taken to the Orphan Asylum at Carson. He has not been captured.

Congress has done a sensible thing, and one which will give general satisfaction, in providing for the redemption of the trade dollar. It is hereafter to be exchangeable for the legal tender variety at the Federal sub-treasuries, and in this way what was once an anomaly and a nuisance will be removed.

The next State elections will take place in August, and will be held in Alabama, Kentucky and Tennessee, and the Territory of Utah will also hold an election the same month. Twenty-six States are to choose representatives to the United States Senate, who will take their seats on the 4th of March, 1873.

A. Dongherty, a New York merchant, visited California a pro-Chinese man. He returned and closes a long anti-Chinese interview with a World reporter in these words: "I saw it in a new light, and have become convinced that the idea of cheap labor, as represented in an alien and absolutely unamalgamating race like the 'heathen Chinese,' means the degradation of labor, the destruction of capital and the ultimate ruin of the country."

It appears that in the District of Columbia not more than twelve citizens can legally be admitted to witness a hanging, and so unless the pressure for admission is too strong to be resisted, the spectators, when Guiteau makes his last appearance, will not be numerous. Unless the assassin has greatly changed since the days of his trial, his vanity, even in the last solemn hour, will be wounded by this circumstance. He is vain enough to desire that all the world should follow him to the scaffold.

Naturalized citizens of the State of Rhode Island are required to be owners of real estate to the amount of \$134 or of a rental of \$6, as a qualification for voting purposes, but neither a native or a naturalized citizen is authorized to vote for the imposition of any tax unless he pays a tax on at least \$134 worth of property. Efforts have been made at various times to abolish this property qualification as a condition of electorship in Rhode Island, but always without effect.

Nevada should be represented in the Denver Exposition. We owe it to ourselves that our vast mineral resources be shown. We suggest that the excellent cabinet of specimens now belonging to the State and in the custody of the Superintendent of Public Instructions be sent there for the occasion. It would be well to send Mr. Sessions and another gentleman, say C. C. Stevenson, as Commissioners to see that the specimens are properly arranged. Such a scheme would not cost much, and would place our State properly before the public.

An Eastern exchange states that Senator Fair is one of the most influential members of the present Senate, and compliments him upon his skill in guiding the Nevada war claim bill through Congress. It appears soon after Senator Fair introduced his bill, the Representatives of Oregon, Nebraska, Texas and several other States, tacked on amendments to indemnify the States for losses similar to those sustained by Nevada, and "got the bill through in proper shape w^t is therefore no herculean task. However, the bill fairly glided along. The fact th^t it was a meritorious measure gave no "special aid to its passage. Like all other bills it had to be watched and guarded from first to last. The \$300,000 which the bill gives to Nevada, will be of great service to that State.—Report.

We wish for the good of this State that we were to receive \$300,000, but as we have already shown Nevada is unable to but a trifle over \$22,000.

MORE DEMOCRATIC OFFICIALS.

How the Great Fair Sack has Cursed the People of Nevada.

The Elko county Grand Jury has just made a report, from which we clip this extract:

We, the Grand Jury, have presented to the District Attorney two accusations in writing for willful misconduct in office against county officials; further, in our investigation on the books and accounts of the county officers and the financial standing of the county, we find in the treasury slips of paper against certain persons counted as cash, and nothing to show for the cash they represent except said slips of paper, and was so when the office was given to Major Miller, the present incumbent. We also find that the Assessor has neglected to assess a large number of tax payers, and through his negligence the county has sustained a loss. We also find that the County Supt., of Public Schools has been derelict in his duty, by not visiting schools, as required by law. We also find that the County Recorder has been derelict in his duty by auditing numerous bills not in accordance with law.

We give this as a sample of the officers nearly every county had forced upon them by the wholesale purchase of voters by Senator Fair's sack. Scarcely a county in the State can to-day show a full set of honest officials. It would be well to remember these facts this Fall and elect men of honor to positions of trust. A man should have at least common business tact to entitle him to consideration.

THE WORLD IN BRIEF.

The House has resolved to adjourn on the 10th of July.

The campaign in Maine opens with a prediction of 10,000 Republican majority.

A new town called Lake City has been started in Lake Gulch, five miles from Sawtooth, Wood River.

The U. S. Attorney General says the Eight-Hour law will have to be amended before it can be made operative.

The attorneys for Carrie Bradley, recently convicted of manslaughter at Portland, Or., have been indicted for bribery.

Mrs. Langtry the famous English beauty and actress, has been offered \$100,000 for her profits in the United States Senate, who will take their seats on the 4th of March, 1873.

The gay and festive toy pistol has caused another boy to cross the Jordan. This time it was in San Francisco, and his age was 11 years. Next.

The Sultan is not to rebuild Solomon's Temple at Jerusalem, as reported but he is to restore the great Mosque there, at a cost of about \$50,000.

Mary Ann Angell, the young widow of the late Prophet Brigham, died in Salt Lake Wednesday night. Fifteen more sorrowing widows remain to follow him.

A man was arrested and fined for kneeling and praying aloud in the streets of Wichita, Kansas, and the Times declares that he could have stood up and sworn with impunity.

Denver's new directory claims a population of 60,000 for that city. It is stated that 40 brick-yards are not sufficient to supply the wants of the builders, and that architects all wear diamond studs.

The New Orleans levees that are too low are not the tax levies, which are as high as \$3 70 on the hundred dollars. It bothers some of the property-owners to keep their heads above water.

The south-bound passenger train on the Missouri-Pacific came in collision, near Sherman, Texas, with the north-bound freight train Wednesday. Several persons were injured and several cars demolished. The track was blocked.

A detective of Gallatin, Tennessee, recently handed a citizen a note which said, "Frank Jones is in town. Inform the banks of the fact." In a few minutes the banks were closed, barred and bolted, but the illustrious outlaw failed to materialize; knew it was of no use.

It is evident that Turkey is to gain more power in Egypt than she has had there during the last forty years. England and France have agreed to grant her mandatory power over the Egyptians, subject to the control of Europe, although they refuse her a position as a sovereign Power.

At Chico, Butte county, California last Saturday evening a saloon-keeper shot his wife dead. Failing to escape he took poison. At last accounts the doctor had pumped him out and everything was being done to save his life in order that the anxious crowd gathered outside might lynch him properly.

The Christianity divorce suit, which has offended the nostrils of the public for a year past, has been settled by the withdrawal of Mrs. Christianity's answer to the original bill filed by the ex-Senator. Her counsel have abandoned the case and the ex-Senator will be given a divorce. The evidence has been sadly against the woman.

The Government, having no more use for cast off war material, is making a distribution of it to the Grand Army of the Republic Posts and other military organizations in the several States. This war material consists of cannon and cannon balls, which are placed around the monuments erected to commemorate the deeds of the Federal heroes of the war, and on the cemetery lots set aside for the burial of the departed and departing veterans of the war. Improved inventions in ordnance have consigned these mementoes to the rubbish pile, and they could not be better disposed of than in the manner adopted.

ing, Commercial Row, Reno, Nev.

may 16

STATE NEWS.

Eureka ore will be placed in the Denver exhibition.

The Tribune says: Nevadans are seeking homes in Salt Lake daily. They are mainly from the Comstock and Eu-

reka.

Senator Jones' mother, who resides in Gold Hill, is now eighty years of age. She is again in the enjoyment of excellent health.

The Aurora Herald says that Aurora has yielded since 1861 \$20,000,000, the majority of which was extracted from Silver, Middle and Last Chance Hills, and that rich ore is being taken out now of which noteworthy shipments will soon be made.

Flowing water has been struck at 250 feet in an artesian well at White Plains, Nev. The water is slightly brackish, but the well is to be sent down much farther. The effort in this direction to secure irrigating waters and for manufacturing purposes is looked upon with much interest in Nevada.

The Bidwell Races.

The races at Bidwell last week did not afford the interest usually to be found at racing meetings at that lively town. The fact that not more than two horses ran in any race accounts in a measure for the small amount of money which found its way into the pool box, and the further fact that frequently horses from the same stable ran for the purses, contributed toward making the races less interesting than usual. The half-mile dash was won by Smoker, the mile dash by Oriental, the half-mile and repeat by Harry and the half-mile dash for colts by Jessie H. Considerable money changed hands on the various games of chance and the festive "tiger" was around with claws sharp, as the boys found to their cost.

Card of Thanks.

We, the undersigned teachers of the Reno public school, desire to express our hearty approbation of the efficient manner in which Mr. N. J. Roff has performed the duties devolving upon him.

During our intercourse with him we have ever found him kind, obliging and faithful in the discharge of his duties as janitor.

Tom Barnett intends to give the people a benefit, no more nor less than a grand clearance sale of his immense stock of boots and shoes, furnishing goods, etc. The sale will commence on the 4th of June and continue ninety days.

A COUGH, COLD OR SORE THROAT should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, alleviating irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to.

For thirty years Brown's Bronchial Troches have been recommended by physicians, and always gives perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25c. a box everywhere.

The south-bound passenger train on the Missouri-Pacific came in collision, near Sherman, Texas, with the north-bound freight train Wednesday. Several persons were injured and several cars demolished. The track was blockaded.

A detective of Gallatin, Tennessee, recently handed a citizen a note which said, "Frank Jones is in town. Inform the banks of the fact." In a few minutes the banks were closed, barred and bolted, but the illustrious outlaw failed to materialize; knew it was of no use.

It is evident that Turkey is to gain more power in Egypt than she has had there during the last forty years. Eng-

land and France have agreed to grant her mandatory power over the Egyp-

tians, subject to the control of Europe, although they refuse her a position as a sovereign Power.

At Chico, Butte county, California last Saturday evening a saloon-keeper shot his wife dead. Failing to escape he took poison. At last accounts the doctor had pumped him out and every-

thing was being done to save his life in order that the anxious crowd gathered outside might lynch him properly.

PRICE OF DAILY JOURNAL,
12½ CENTS PER WEEK.

TOWN AND COUNTY.

Job work at this office.

Guiteau's time is growing short.

The river is getting lower. It is full of sawdust.

There is every indication of a big time on the Fourth.

John Mackay is expected on the Comstock Saturday.

Drunken Indians seem to be the order of the day, again.

Stocks are not brisk. The Boards adjourn to-day until after the Fourth.

Evergreens are beginning to appear on the streets in a decorative way.

Chase & Thyes keeps liquid delight in those bottles behind the counter. They some.

The N. & O. has run out of track iron again. Rails are laid a little over twenty miles.

The hay crop in this valley will be the heaviest and best this season that has been known for many years.

If you want first-class printing you cannot do better than to send your orders to this office. Charges reasonable.

The farmers are beginning to cut their wild grass. Several wagon loads of new hay have been brought to town already.

The attention of the District Court was occupied all day yesterday by the argument in the Stephens-Whistler case.

At no time since actual operations began on the Comstock have assessments been so light as they are at the present time.

The author of "Grandfather's Clock" is said to be living in poverty in New Jersey. Retribution comes to the worst of them in time.

At Tahoe on Monday, a trout weighing thirty pounds was successfully landed. The captor thought he had a whale on the end of his line.

A Mr. Grove, of Quincy, is building a two-story frame house on Virginia street, where Budden's photograph gallery used to stand. He will make a photograph gallery of it.

R. W. Ash, Administrator of the estate of the late Thomas S. Holden, gives official notice elsewhere for all who have claims against said estate to present them within three months.

The Carson and Tahoe Lumber Company, controlled by Yerington & Bliss, expect to cut from 18,000,000 to 19,000,000 feet of lumber, and 75,000 cords of wood this season.

The Enterprise tells a fact which cannot be disputed, when it says that the strawberries raised about Reno are of better flavor than any others that have been brought to the Comstock this season.

The columns of the JOURNAL are now open for all who wish to announce themselves as candidates for office. It is a good plan for those who wish to be candidates before the county convention to announce themselves early.

A meeting of the Reno branch of the Irish National Land League is called for next Monday, July 3d, in Hoffman's new hall, at 8 o'clock in the evening. All members are desired to attend, and all who wish to join should also be present.

While two little boys were playing with a toy pistol day before yesterday it went off and Abe Prentiss' son got the side of his face copiously speckled with powder. His eyes were not touched fortunately. Better be careful with such dangerous toys.

A Renoite who left here last year and went to Iowa to get rid of the winds, writes that he is coming back just as soon as he can get here. He saw one of those cyclones pass within a hundred yards of his door and was satisfied with the sputole.

Seventeen hundred pounds of trout were shipped from Truckee to San Francisco and Sacramento on Monday night. This is the largest single shipment that has been made this season. A single individual caught over fourteen hundred of these fish in Tahoe last week.

Two men cannot at present be seen talking together in a confidential manner on our streets without being suspected of putting up a political job. An aspirant for political honour cannot now greet a friend with any degree of cordiality without being accused by others of playing the part of a sycophantic office seeker.

MISS ELLA BISHOP, Teacher.

PROMPT PAYMENT.

Such of our people as had goods on board the car which was destroyed by fire on the Virginia and Truckee Railroad, the other day, are much pleased with the prompt manner in which said company paid for the goods burned. The Enterprise says, "Joe Deming says it was a surprise to him to have them come up at once with the coin, as two years ago he had goods destroyed on the Union Pacific and has not yet received a cent; also lost goods nearly as long ago on the Central Pacific and has not yet seen his pay."

Fun at the Track.

All Joe has prepared a programme of exercises for the Fourth out at the Fair Grounds which will prove a great attraction to the multitudes who will be here on that day. In the racing line there is to be two trotting and two running races, a race—mile dash—by ladies and a slow race by the boys, in which the boys are to ride each other's horses and the one who comes in last to win the money. Then the ladies' tournament in which there will be several contestants, will be a feature which cannot fail to please all. The track is in first-class order. There are to be four bands in attendance, who will compete for the prize offered for the best band. The Carson band in this contest will be composed of five ladies and five gentlemen. There are seven entries for the double-tongue cornet business. Altogether the programme presented is one which will be interesting and good. The track will doubtless be well patronized.

Leg Cut Off.

Just as the six o'clock V. & T. freight train was drawing up to the depot last evening an Indian boy jumped upon the cowcatcher, but missed his step and fell under the wheels, which ran over one leg, commencing below the knee, running around the bone and then flattening the foot out like a pancake. Dr. Bergman rendered what surgical assistance was possible at the time and had the boy taken to the hospital. This morning he will amputate the leg just above the ankle. No possible blame can be attached to the engineer of the train. The boy did what he has often done before, but this accident proves that he did it once too often. It is a wonder that more such accidents do not occur. Al. Lyman, of the yard engine, has taken the wise precaution to prohibit all such pranks around his trains.

Kinkead's Mill a Success.

J. H. Kinkead's quartz mill was worked for half an hour yesterday and did its work satisfactorily in every particular.

The mill was run at the rate of 130 revolutions a minute, and at this rate it would crush 19,200 pounds in 24 hours. It is now proposed to increase the speed to 230 revolutions, when it will readily reduce from 15 to 24 tons in 24 hours.

The staff was ground as fine as flour and will go through a No. 60 screen. The pulleys for the higher rate of speed will be ready for another test to-day. Mr. Kinkead is confident he has made a valuable invention, and experts express themselves as satisfied that such is the case.

K. of P. Supreme Lodge.

The next biennial session of the Sun Lodge, K. of P., will be held in Detroit, Michigan, commencing on Tuesday, August 22, 1882, P. M. XIX, at 10 o'clock A. M. The Pythian headquarters will be at the Russell House.

Charles E. Laughton, of Carson, and C. C. Powning, of Reno, are the representatives from Nevada, and will both be in attendance.

THANKS.

The Sisters of St. Dominic tender their most sincere thanks to the ladies and gentlemen who took such a kindly interest in the entertainment that took place Wednesday evening, for their donations of flowers, use of chairs and many other valuable services.

The school will re-open on the first Monday in September.

Sudden Death.

Yesterday B. B. Hughes, of Quincy, died very suddenly in San Francisco. He was here last Sunday. He was partner in the firm of Marlet & Hughes,

who were to take charge of the stage line between Reno and Susanville on the 1st of July. We did not learn the cause of his death.

Next Sunday is the first anniversary of the assassination of President Garfield.

Our insane patients leave Stockton for Reno this afternoon at 4 o'clock.

LEGAL.

SUMMONS.

IN THE DISTRICT COURT OF THE SECOND JUDICIAL DISTRICT OF THE STATE OF NEVADA, in and for the County of Washoe:

The State of Nevada sends to BEBECA E. HICKMAN, greeting.

You are hereby required to appear in an action commenced against you as defendant by John A. Paxton as plaintiff, in the District Court of the Second Judicial District in and for the County of Washoe, State of Nevada; and answer the complaint thereof within fifteen days after the service on you of this summons (or cause of action) if served out of said County, or twenty days if served within said County, but within said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover forty-five hundred dollars, with interest from October 15th, 1880, at one and one-half per cent, per month, and 117 40 dollars with like interest from Nov. 15th, 1880, and to foreclose a mortgage given to secure the same, together with ten per centum on the principal and interest thereto as an attorney's fee, upon the following described property situated in Washoe County, Nevada, that is to say: "The South 1/4 of the Northwest quarter and the North 1/4 of the Northwest quarter of section 4, township 19, North of range 20 East, M. D. B. M.; also lot 2 of the Northeast quarter of section 5, in township 19, North of range 20 East, in all two hundred and forty acres of land."

Also the Southeast quarter and East 1/4 of the Southwest of section 4 in township and range as aforesaid; all two hundred and forty acres of land.

Also lot 7 and the West 35 feet of lot 6 of C. A. Richardson's survey in block 4, Western Addition to the town of Reno, and lot 13 in block 2, and the East 60 feet of lot 1, and the West 25 feet of lot 2, in block 6, in the Western Addition to Reno.

Also 260 shares of the capital stock of the North Truckee Ditch Company, corporation, and the right to hold and use two hundred and sixty inches of water, represented in the said shares of capital stock, and flowing through the ditch of said corporation; also the sum of \$3500 for interest on the principal sum of \$2000 with like interest from January 30th, 1882, to the sum of \$18 75 with like interest from March 19th, 1881, and for twenty-five per centum upon the said last three mentioned sums, with interest as expenses of collecting the same. Plaintiff prays for general relief.

All of which will more fully appear from the Complaint which is on file in the office of the Clerk of said Court at Reno, in Washoe County, and you are further directed that if you fail to appear and answer said Complaint, the said Plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I, C. S. Varian, have hereunto set my hand this 23d day of March, A. D. 1882.

C. S. VARIAN,
Plaintiff's Attorney.
